# Class is in session.

Pave the road to a successful school year with Mango Languages' new features, catered to your student's language learning.

Now with **Mango Vocabulary** you can review chapter vocabulary with flashcards and lists, study words by topic, and even create your own personalized vocabulary lists so that you can study what's most important for your language learning journey!

With **Mango Reader**, you can go to any website on the internet and get translations for words you don't know, in real time. This feature is a Google Chrome extension currently available in 12 languages and integrates with Mango's new vocabulary feature, highlighted above.

The **Family Profiles** help parents keep track of their child's progress and the time spent in each language. With each Mango Languages' user profile you get five (5) additional family profiles.
