

Hello,

Libraries in southeast Wisconsin (members of the Prairie Lakes Library System) are hosting a brand new library exploration game called Ink & Imagination. People of every age are encouraged to grab family and friends and head to their nearest library.

There, they'll pick up a game passport and their first library sticker. From there, they'll have 21 more locations they can visit to collect more unique stickers. For every five stickers they gather, they'll receive a prize entry. These aren't just small library trinkets—these are big prizes like a Nintendo Switch, a Travel Blackstone Griddle, a retro instant print Kodak camera, and more!

This game will run from September 2 through November 30, and everyone can play! No library card is needed, but Wisconsin residents can get one for free.

Why This Is a Must-Experience Event:

- **An adventure for everyone:** From toddlers to teens and adults, this program turns library visits into a shared journey of fun.
- **Discover cool resources:** Many libraries are so much more than books—explore digital tools, language apps, storytimes, maker kits, and more.
- **No cost, high reward:** Free passports, free library cards, and the chance to win awesome prizes—what's not to love?
- **Strengthening community connections:** Walking into a library with a friend is a simple, joyful way to build bonds—and maybe discover your next favorite read.

Please contact Kate Davis for more information. Contact details are in the attached press release.
